Ocean Science

Research

Experiences for

Undergraduates

Students will conduct Ocean Science research within the following disciplines and themes:

Oceanography Biological Oceanography; Internal Wave Dynamics; Ocean Modeling;

Marine Biology and Ecology Marine Landscape Ecology; Marine Microbiology; Fish Ecology; Marine Physiology; Population Genetics; Conservation Biology

Ocean Engineering Remotely Operated Vehicles (ROVs); Autonomous Underwater Vehicles (AUVs); Ocean Instrumentation; Computer Programming;

Marine Geology Coastal Erosion; Sediment Transport; Seafloor Mapping; Biogeochemical Analysis

Program Dates: **June 8 - August 14, 2015**

Application Deadline: **March 2, 2015**
