

JOB OPENING

Job Title:

Wellsite Geologist / Mudlogger

Job Location:

Various Locations – Onshore United States

Job Description:

Entry Level positions are available for persons in oil and gas exploration. Mudloggers will acquire knowledge of methods, procedures, and standards required for performance of departmental duties. Mudloggers will be trained under the direction of experienced personnel. All training will be provided. Once training has been completed, loggers will be responsible for studying and analyzing cuttings from well drillings to create accurate and useful logs. Mudloggers must be present at the wellsite prior to logging depth and at total depth to assist in job completion. Mudloggers will also be required to follow all company safety guidelines and perform onsite rigging, calibration, and maintenance of all company equipment. Troubleshooting proficiency and a comprehensive knowledge of the following is expected:

- Comprehensive knowledge of Windows & Microsoft Office Suite
- Comprehensive knowledge of PC hardware & peripherals
- Knowledge of EDR systems on rotary drilling rigs
- Knowledge of mechanical drilling recording systems preferred, but not required
- Knowledge of mud pump fluid systems on drilling rigs preferred, but not required
- Knowledge of company mudlogging practices preferred, but not required

Qualifications & Experience:

- B.S. / B.A. Degree in Geology, Earth Science, Engineering, or Applied Science
- Exceptional problem solving skills and ability to communicate problems or malfunctions effectively
- Able to work in a group setting, but also excel in an individual role with minimal supervision
- Able to complete tasks assigned in a timely manner
- Strong verbal and written communication skills
- Strong interpersonal skills
- Understand and implement company policies
- Must possess own vehicle
- Good driving record
- Must pass pre-employment drug screen and background check
- Must be able to work without a sponsor

For consideration please forward an updated copy of your resume and a brief statement citing your qualifications for this position. Please forward all information to Jeremy Harrelson in the Human Resources Department (jharrelson@selmanlog.com) and tag the subject line with: WELLSITE GEOLOGIST / MUDLOGGER CANDIDATE. All information submitted is strictly confidential.

It is the continuing policy of the Selman & Associates, Ltd. to provide equal-opportunity employment to all employees and applicants, without regard to race, creed, color, sex, religion, national origin, citizenship, age, veteran status, disability, pregnancy, [any other protected categories, (e.g., marital status, sexual orientation or sexual identification)]. This policy relates to all employment decisions, including those in connection with recruitment, hiring, training, promotion, compensation, benefits, termination, and all other terms and conditions of employment. All of our policies are in accordance with federal, state and local equal employment opportunity principles and other related laws. The company condemns and will not tolerate any conduct calculated to intimidate, harass or otherwise discriminate against any employee on the grounds listed above.
