

ENVIRONMENTAL PERMITTING SPECIALIST

PORT **CORPUS CHRISTI**®

ENVIRONMENTAL PERMITTING SPECIALIST

Port Corpus Christi (PCCA) is currently seeking an energetic individual to assist with the long term strategic mission of the PCCA relative to environmental compliance. The qualified individual will join a team of professionals dedicated to leading and managing PCCA's environmental initiatives.

» ENVIRONMENTAL PERMITTING SPECIALIST:

- » Assists with permitting and planning development in the PCCA area, including all aspects of federal and state construction and operating permits and project authorizations
- » Conducts routine field inspections of PCCA facilities, properties and project sites as necessary for ensuring compliance with permit conditions and reviews and maintains appropriate documentation of such inspections
- » Conducts appropriate research regarding federal, state, and local environmental agency requirements that involve the development of new facilities and property to determine applicability and permitting requirements
- » Prepares and submits appropriate environmental documents, plans, and permit applications, as required, for proposed development including, but not limited to, Army Corp of Engineers permits, Texas Commission on Environmental Quality air, storm water, and water quality permits, Texas State Historical Commission applications, and National Environmental Policy Act coordination
- » Coordinates agency approvals on permit applications and assists with public notice requirements when applicable
- » Prepares technical requirements and scopes of work for consultants; prepares, implements and manages professional service agreements and task orders with consultants
- » Coordinates with PCCA staff and consultants during design of capital construction projects to ensure incorporation of conditions from permit authorizations and environmental impact assessments
- » Assists with organization and maintenance of the PCCA's environmental files, records and reports and with GIS
- » Serves as a project manager on minor and major projects and reports to other staff and to commissioners as appropriate and necessary for project approval and implementation
- » Promotes PCCA Interests during spill response efforts ensuring spills on PCCA property are adequately cleaned and obtains appropriate documentation of such efforts. This includes after hours spill response on a rotating basis
- » Attends and participates, as a representative of the PCCA, in various coastal resource management meetings whether local, state or federal
- » Follows PCCA security, environmental and safety requirements and procedures
- » Drives PCCA vehicles to complete assigned tasks courteously and safely; follows applicable procedures for vehicle use; works required hours to fulfill position objectives
- » Adheres to all PCCA policies, promotes and adheres to the SEAPORT values, maintains good employee relations and encourages and fosters a helpful environment where teamwork prevails. Assists senior management and office staff where appropriate.
- » Functions in pre or post-disaster preparedness as a Tier 2 employee
